DR.T.M.A.PAI COLLEGE OF EDUCATION, UDUPI

The College and the Management

The Academy of General Education, Manipal Established Manipal College of Education through the Teaching fraternity and Education Trust in July 1965. In 1986 the Management of the college was transferred to Dr. T.M.A. Pai Foundation, Manipal, a Konkani linguistic minority institution established to preserve and propagate Konkani language and culture.

From its inception till 1976 the college was housed in the building of Udupi Law college near Taluk Office. In 1976 the college was shifted to the present campus. The new building was declared open by Prof. S. Nurul Hassan then Minister for education, Govt. of India. Till 1980 the college was affiliated to Mysore University. In the year 1980 the college came under the umbrella of Mangalore University.

Manipal college of Education as this college formerly known was renamed as Dr.T.M.A.Pai College of Education, in 1982 to commemorate the fond memory of Dr. T.M.A. Pai, the founder patron of the college.

The college has completed its fruitful existence of 61 years in the cause of teacher education and by concerted efforts and consistent quality achievements it is considered as one of the outstanding colleges of education in Karnataka. The college is permanently affiliated to Mangalore University and recognised by NCTE, New Delhi. The College is assessed and accredited by NAAC with B++ Grade.

Scheme of Examination

The two year B Ed course is divided into four semesters. At the end of the semester, examination shall be held by the university.

How to apply:

- 1) All the columns in the application form must be filled in carefully and accurately.
- 2) The Application must have the following enclosures.
 - a) A pass-port size photo of the applicant, preferably the latest.

The Course:

The college is offering a course in education of two years leading to the degree of Bachelor in education. The college is striving hard to provide rich and meaningful curricular as well as co-curricular experiences to student-teachers. The programme of practice in teaching, the heart and soul of teacher preparation has been well attended to with the active participation and unstinted support of secondary and senior secondary schools in and around Udupi.

Human Resources:

Right from the inception, the college has the fortune of having well qualified committed and experienced members of the faculty. The faculty consists of one Principal, five lecturers and 6members on the administrative staff of the College.

Material resources

The college building is housed in its' own land of 7.2 acres. It has a building of its' own with four storeys. Each content Cum methodology subject has been allotted with a subject room as specified in NCTE norms. These subject rooms with relevant display materials inspire the student teachers to learn the respective methodology subjects in a meaningful way.

Library:

The college Library has around 25,000 Volumes. The college subscribes to about 27Journals, Magazines and newspapers. There is a book bank covering different areas of education. There is a book bank exclusively for students from scheduled castes. The books have been donated by the Dept. of Social Welfare.

OBJECTIVES

The Bachelor of Education Degree course is mainly designed to prepare effective secondary and senior secondary school teachers. The course essentially aims at helping the student-teachers become aware of certain new content, develop certain competencies and understand his/her multiple roles in the present context.

The course is geared towards realizing the following objectives and therefore, shall attempt to develop in a student-teacher.

1. Understanding of the essential foundations and basic principles of education.
2. Understanding of the system, practices and the problems that accompanied the development of education in our country.
3. Understanding of the nature and problems of secondary school children and acquiring the ability to deal with them effectively.
4. Competencies for planning and execution of teaching learning and other concomitant educational programmes to be carried out in secondary schools.
5. Adequate content competency in two school subjects of specialisation so as to enable the student-teachers to select, organise and teach the subjects effectively.
6. Developing the Understanding, appreciation and skills in respect of special approaches, learning experiences, methods and tools etc., adopted in curriculum planning, teaching and evaluation of the subjects of their specialisation.
7. Understanding of the general functioning and organisation of secondary schools and thereby acquire the ability to contribute towards effective curricular and co-curricular learning programmes in schools.

8. A spirit of experimentation towards teaching-learning process.
9. A sound professional attitude, ethics and a desire for continuous professional growth.
10. Developing competencies and values related to physical fitness, social skills, community/group living.
11. An Awareness of the need for extension activities and service in the community and participation in selected activities.
